### **Golden Sun Ceremony - 10 april 2016**

April 10th 2016, with the sun shining through the transparent cupola of the Sufi Temple in Katwijk, the ceremony of the Golden Sun became an uplifting happy event.

51 Representatives of the European countries gave their feeling about a special country in the form of a story, a remembrance, a special feature or even a song. This gave us a feeling of oneness with each other and the European countries. It is really wonderful to learn about all the different cultures, we hardly know anything about.

The warm and sunny ambience of the magnificent shining puzzle of the Golden Sun and the dark red carpet, the music and the stillness made us feel loving and grateful.

Many thanks, beautiful Frouk, for this wonderful initiative.

This is a way to universal PEACE.

Thea
